

Podillya Rehabilitation and Medical Technology Cluster

A modern recovery ecosystem · Vinnytsia, Ukraine · Est. 18 Feb 2026

UNIQUE VALUE

The cluster consolidates leading prosthetic and rehabilitation centres to build shared technological standards, raise local capacity, and keep members economically stable through joint grants.

01 STANDARDISATION

Clinical protocols and service manuals for prostheses and modern medical equipment.

02 CAPACITY

Seminars, peer learning and psychological support that lift regional clinics.

03 STABILITY

International sponsors and joint projects — one pipeline instead of isolated bids.

FLAGSHIP JOINT PROGRAMME 2026

Project	Dates	Source	Amount	Result
Upper-limb prosthesis standards	01–06.2026	Int. Health Fund	\$120,000	3 standards
Regional clinic capacity	03–12.2026	EU recovery grant	\$250,000	45 orthopaedists
Equipment repair hub	05.2026–	Sponsor syndicate	\$95,000	3 workshops
